

WRITABLE PAINT

DRY ERASE MARKER WALL COAT

is an innovative coating that transforms any solid surface into an erasable one, which can be used to communicate and explore ideas. It is easy to apply, nature friendly and VoC free.

White and transparent are the two coating options available to turn your wall into a writable wall. White can be used to change the existing color of the wall.

Transparent can be used, if you don't want to change the color of the wall.

APPLICATION AREAS

- Classroom
- Meeting rooms
- Seminar halls
- Study rooms
- Children rooms
- Training rooms
- Conference halls
- Desks and tables

FEATURES
